VOTING SECURITIES; PROXIES; REQUIRED VOTE

Voting Securities — The Board of Directors fixed the close of business on April 8, 2004, as the Record Date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting or any adjournments thereof. As of the Record Date, the Company had outstanding 47,646,232 shares of Class A Common Stock, par value \$.01 per share. Holders of Class A Common Stock are entitled to one vote per share.

Proxies — The Board of Directors of the Company selected Edward L. Kaplan, Gerhard Cless, and Noel Elfant to serve as proxies for the Annual Meeting. Messrs. Kaplan and Cless are directors and executive officers of the Company. Mr. Elfant is Vice President and General Counsel of the Company. Most stockholders have a choice of voting over the Internet, by using a toll-free telephone number or by completing a proxy card and mailing it in the postage-paid envelope provided. Please check your proxy card or the information forwarded by your bank, broker or other holder of record to see which options are available to you. Please be aware that if you vote over the Internet, you may incur costs such as telecommunication and Internet access charges for which you will be responsible. The Internet and telephone voting facilities for stockholders of record will close at 11:59 PM, Eastern Time, on June 2, 2004. The Internet and telephone voting procedures have been designed to authenticate stockholders by use of a control number and to allow you to vote your shares and to confirm that your instructions have been properly recorded. Each executed and returned proxy card will be voted in accordance with the directions indicated thereon, or if no direction is indicated, such proxy will be voted in accordance with the recommendations of the Board of Directors contained in this Proxy Statement. Each stockholder giving a proxy (by executing the proxy card, over the Internet or by telephone) has the power to revoke it at any time before the shares it represents are voted. Revocation of a proxy is effective upon receipt by the Secretary of the Company of either (1) an instrument revoking the proxy or (2) a proxy bearing a later date (which can be done by mail, over the Internet or by telephone). Additionally, a stockholder may change or revoke a previous proxy by voting in person at the Annual Meeting.

Required Vote — At the Annual Meeting, (1) a plurality of the votes cast in person or by proxy is required to elect directors; (2) the affirmative vote of holders of a majority of the issued and outstanding shares of the Common Stock is required to amend the Company’s Certificate of Incorporation; and (3) the affirmative vote of holders of a majority of the votes cast affirmatively or negatively, in person or by proxy, is required to approve Proposals 3 and 4. Stockholders are not allowed to cumulate their votes in the election of directors.

The required quorum for the transaction of business at the Annual Meeting will be a majority of the shares of Common Stock issued and outstanding on the Record Date. Abstentions and broker non-votes will be included in determining the presence of a quorum. With respect to the proposal to amend the Company’s Certificate of Incorporation, abstentions and broker non-votes will have the same effect as votes against such proposal. Neither abstentions nor broker non-votes will have any effect on the voting to elect directors, approve the stockholder proposal, or ratify the appointment of KPMG LLP.

PROPOSAL 1

Board Meetings in 2003 — The Board of Directors met four times during 2003. Each director attended 75% or more of the total number of meetings of the Board of Directors and the Board committees on which he served. As a general matter, Board members are expected to attend the Company’s annual meetings. All of the directors at the time of last year’s annual meeting were in attendance.

Corporate Governance Improvements — The Board of Directors (the “Board”) has been carefully following the corporate governance developments that have been taking place as a result of corporate scandals and the adoption of the Sarbanes-Oxley Act of 2002 (“Sarbanes-Oxley Act”), the rules adopted thereunder by the Securities and Exchange Commission (“SEC”), new governance rules proposed and/or adopted by the SEC, new listing requirements of The NASDAQ Stock Market and other corporate governance recommendations. In 2003, the Board established two new committees composed entirely of independent directors, namely, the Compensation Committee and the Nominating Committee. The Board also adopted a new charter for its Audit Committee and new Corporate Governance Guidelines in 2003. Charters for the Audit Committee and Nominating Committee and the Corporate Governance Guidelines are available on the investor page of Zebra’s web site at www.zebra.com. Please note that the information on the Zebra web site is not incorporated by reference in this Proxy. In addition, the Nominating Committee, at the direction of the Board, conducted a search for new qualified independent directors in 2003. As a result of that search, the Board appointed Ross W. Manire and Dr. Robert J. Potter to the Board in 2003.

The new Corporate Governance Guidelines address the Board’s composition, qualifications and functions, director education, minimum required stock ownership by directors, and management succession.

Nominating Committee. The Nominating Committee is comprised of two independent directors: Messrs. Knowles, Chair, and Smith. In accordance with the new listing requirements of The NASDAQ Stock Market, the Nominating Committee determines nominees for election to the Board of Directors.

The Nominating Committee believes that candidates for Board membership must exhibit certain minimum characteristics: good business judgment and an even temperament, high ethical standards, and a healthy view of the relative responsibilities of a board member and management. Board members shall be independent thinkers, articulate and intelligent. The Nominating Committee’s Charter sets forth additional criteria that the Committee considers important, including experience as a board member of another publicly traded company, experience in industries or with technologies relevant to the Company, accounting or financial reporting experience, or such other professional experience as the Committee shall determine shall qualify an individual for Board service.

In selecting candidates and approving nominees for open Board positions, the Nominating Committee will make every effort to ensure that the Board and its committees include at least the minimum number of independent directors, as that term is defined and as may be required by the Sarbanes-Oxley Act and applicable standards promulgated by The NASDAQ Stock Market and the SEC, and any other applicable requirements.

In addition, the Nominating Committee shall make every effort to ensure that at least one director be a financial expert, as that term is defined by the Sarbanes-Oxley Act and applicable standards promulgated by The NASDAQ Stock Market and the SEC.

The Company’s policy is not to discriminate on the basis of race, gender or ethnicity. The Nominating Committee is supportive of any qualified candidate who would also provide the Board with more diversity.

The Nominating Committee will consider candidates for the Board from any reasonable source, including stockholder recommendations. The Nominating Committee does not evaluate candidates differently based on who has made the proposal. Stockholders who wish to suggest qualified candidates should write to Christopher Knowles, Chair of the Nominating Committee, at Zebra’s headquarters’ address. These recommendations should include detailed biographical information concerning the nominee, his or her qualifications to become a member of the Board, and a description of any relationship the nominee has to the stockholder making the recommendation or to other stockholders of the Company. A written statement from the candidate consenting to be named as a candidate and, if nominated and elected, to serve as a director, subject to the candidate’s due diligence of Zebra, should accompany any such recommendation. Stockholders who wish to nominate a director for election at an annual meeting of stockholders of the Company must comply with the Company’s By-Laws regarding stockholder proposals and nominations.

The Nominating Committee has the authority under its charter to hire and pay a fee to consultants or search firms to assist in the process of identifying and evaluating candidates. The Nominating committee did not pay a fee or engage the services of a third party in selecting Dr. Potter or Mr. Manire. Mr. Kaplan recommended Dr. Potter. Mr. Kaplan, a member of the Illinois Institute of Technology Board of Trustees, was impressed with Dr. Potter’s leadership on the IIT Board of Trustees. After determining the need for a financial expert, the Board undertook a

search and solicited recommendations from a variety of sources. Following a thorough review of numerous candidates, the Nominating Committee nominated Mr. Manire.

Compensation Committee. The Compensation Committee is comprised of two independent directors: Mr. Knowles, Chair, and Dr. Potter. The Compensation Committee determines the compensation of the Chief Executive Officer and all other executive officers of the Company. The Compensation Committee also administers the 1997 Stock Option Plan and determines the timing, terms and prices of options granted pursuant to the 1997 Stock Option Plan.

Audit Committee. The Audit Committee is comprised of Messrs. Smith, Chair, Knowles, and Manire. These three directors are independent in accordance with the new listing requirements of The NASDAQ Stock Market. This Committee met ten times during 2003. The Board has determined that Mr. Manire is an audit committee financial expert.

Contacting the Board of Directors — Any stockholder who would like to contact members of the Board of Directors may do so by writing to the Office of the Secretary, Zebra Technologies Corporation, 333 Corporate Woods Parkway, Vernon Hills, Illinois 60061. Communications received in writing will be distributed to the Chairman or the other members of the Board, as appropriate, depending on the facts and circumstances outlined in the communication received.

Compensation of Directors — For 2003, the Company paid each of its outside directors an annual retainer, which was paid on a quarterly basis. The retainer was \$4,000 for each of the first three quarters and \$6,250 for the fourth quarter. The Company also paid the following: \$1,500 for each Board meeting; \$1,000 for each meeting of the Audit Committee, the Compensation Committee or the Nominating Committee that occurred on the day of a Board meeting; and, after October 21, 2003, \$1,500 for each in-person or telephonic meeting of the Audit Committee, the Compensation Committee or the Nominating Committee that did not occur on the day of a Board meeting (prior to October 21, 2003, the Directors were paid \$1,000 for telephonic Committee Meetings). In addition to the fees described above, after October 21, 2003, the Chairs of the Audit Committee and Compensation Committee each received an additional \$500 per meeting. Except where indicated, the fees described above were paid for meetings attended in person or by telephone. The directors were also reimbursed for out-of-pocket expenses for attending Board and Committee meetings.

During 2003, the Company's outside directors received aggregate compensation as follows: Christopher Knowles, \$41,000; Michael Smith, \$38,500; Ross Manire, \$21,500; Robert Potter, \$19,500; and David Riley, \$15,000 (Mr. Riley retired from the Board in June 2003). Employees of the Company are not separately compensated for their service as directors.

In connection with joining the Company's Board of Directors in July 2003, Mr. Manire and Dr. Potter were each granted 21,356 non-qualified stock options under the Company's 2002 Non-Employee Director Stock Option Plan. Of these options, 3,356 vested as of July 17, 2003, 6,000 vested in February 2004, and the remaining options vest in annual increments of 6,000, beginning in February 2005. In 2002, each of the Company's then serving independent directors (which were Messrs. Knowles, Riley and Smith) were granted 30,000 non-qualified stock options under the 2002 Non-Employee Director Stock Option Plan. These options vest in five annual increments of 6,000 beginning in February 2002. Vesting of the above-described options accelerate upon a change in control in accordance with the terms of the 2002 Non-Employee Director Stock Option Plan. These options were granted at an exercise price equal to the fair market value of the Company's Common Stock on the date of grant.

Employment Arrangements

The Company entered into a letter agreement with John W. Paxton on February 17, 2002. Mr. Paxton retired as President of the Company's Bar Code Business Unit on December 12, 2003. Pursuant to the letter agreement, he is entitled to a maximum of twelve months of his previous \$500,000 base salary, with payments terminating upon the acceptance of alternate employment. If Mr. Paxton continues his health insurance coverage in accordance with the COBRA provisions of federal law, the Company will pay the difference between the Company's current employee contribution rate and the published COBRA premium rate during the period in which he is receiving the salary continuation payments described above. At the time he was employed, he was granted an option to purchase 150,000 shares of the Company's Common Stock pursuant to the 1997 Stock Option Plan. His remaining options expired upon Mr. Paxton's resignation.

Michael T. Edicola ended his employment with Zebra as Vice President, Human Resources, on April 15, 2004. Pursuant to a letter agreement that the Company had entered into with Mr. Edicola on August 16, 1999, under certain circumstances Mr. Edicola could be entitled to receive outplacement assistance and continuation of his base salary until the earlier of October 14, 2004, or his acceptance of other employment.

In connection with Zebra's merger with Mr. Gagnier's predecessor employer, Eltron International, Inc., the Company entered into an Employment Agreement with Mr. Gagnier on July 9, 1998. Unless terminated, this Employment Agreement automatically renews on December 31st of each year for a one-year period. Mr. Gagnier is entitled to a minimum base salary of \$180,000 per year. If his employment is terminated without cause, he would be entitled to a one-year continuation of his base salary at the time of termination. During such period, he would also be entitled to certain medical and life insurance benefits. In the event of a change in control of Zebra, Mr. Gagnier may terminate his Employment Agreement within one year after such event and receive a lump sum severance payment equal to one year of his base salary at the time of termination.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of Zebra's Board of Directors was established in 2003, and is comprised of two directors: Mr. Knowles, Chair, and Dr. Potter, each of whom is independent under current listing requirements of The NASDAQ Stock Market. The Compensation Committee establishes compensation policies and programs for the Company's executive officers. It operates under a written charter adopted by the Board. Prior to the establishment of the Compensation Committee, Mr. Kaplan determined the compensation for the executive officers, and the independent directors of the Board determined Mr. Kaplan's compensation.

Compensation Elements — For 2003, the primary components of the Company's executive officer annual compensation program were base salaries and cash bonuses based on Company performance. Stock options also form a part of the compensation package for executive officers other than the Chief Executive Officer and the Executive Vice President.

Base Salaries — Prior to the establishment of the Compensation Committee, compensation for the Company's executive officers, other than the Chief Executive Officer, was determined by Mr. Kaplan based on the relative performance and responsibilities of each executive officer as well as various technology industry salary surveys. He targeted salaries at levels competitive to those provided to executives with similar responsibilities in businesses that he viewed as comparable to the Company. After the Compensation Committee was established, it reviewed the foregoing criteria and approved salary adjustments for certain executive officers.

Mr. Kaplan's 2003 annual base salary, which was reviewed and approved by the Committee, was based upon the Committee's evaluation of Mr. Kaplan's contributions to the Company and his importance to its continued growth. In approving Mr. Kaplan's 2003 annual base salary, the Committee also reviewed (i) survey data showing base salaries for chief executive officers in the technology sector in similarly sized companies, and those in similarly sized companies in the Chicago area, and (ii) the performance of the Company during 2002. Mr. Kaplan was not present during any discussions involving his compensation.

Bonus — Executive bonuses for 2003 were designed to reward management for achieving or exceeding goals for Company performance, and in certain situations, the performance goals for a particular business unit.

Mr. Kaplan and each of the Company's other executive officers participated in the Company's 2003 Management Bonus Plan (the "Bonus Plan"). The Committee approved bonus payouts under the Bonus Plan for 2003. Each executive officer participated in one of three bonus programs. The first program provides for bonuses based on 2003 Company financial performance criteria, operating profit growth and revenue growth ("Company Criteria"). The second program, for executive officers who have primary responsibilities within a particular business unit, provides for bonuses based on Company Criteria plus 2003 business unit financial performance criteria, business unit operating profit growth and business unit revenue growth. The third program provides for bonuses based on Company Criteria plus personal objectives. Such bonuses were determined as a percentage of an executive officer's actual annual base salary. Generally, a target bonus under the Bonus Plan is determined for each executive ranging from 25% to 60% of base salary, depending upon relative position within the Company. For 2003, actual bonuses for executive officers ranged from 16.6% to 53.6% of their base salaries.

Stock Options — The Company awards stock options under its stockholder-approved 1997 Stock Option Plan to executive officers to provide competitive compensation packages. The Company also believes it is important that all of its key executive officers have a meaningful equity stake in the Company so that they have an incentive to create stockholder value over a long-term investment horizon. Accordingly, options generally vest over five years on the anniversary date of the grant. The options granted to executive officers in 2003 were approved by the Board of Directors.

Compliance With Section 162(m) — The Board of Directors currently intends for all compensation paid to the Named Officers to be tax deductible to the Company pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended ("Section 162(m)"). Section 162(m) provides that compensation paid to the Named Officers in excess of \$1,000,000 cannot be deducted by the Company for federal income tax purposes unless, in general, such compensation is performance based, is established by an independent committee of directors, is objective and the plan or agreement providing for such performance based compensation has been approved in advance by the Company's stockholders. In the future, however, if in the judgment of the Board, the benefits to the Company of a compensation program that does not satisfy the arbitrary and inflexible conditions of Section 162(m) outweigh the costs to the Company of the failure to satisfy these conditions, the Board may adopt such a program.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Only independent directors served on the Compensation Committee during 2003. Christopher Knowles has been the Chair of the Compensation Committee since its inception on April 16, 2003. Dr. Robert Potter joined the Compensation Committee in July 2003 when he became a director. No inside directors served on the Compensation Committee in 2003.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In May 1989, the Company entered into a lease agreement for its Vernon Hills, Illinois facility and certain machinery, equipment, furniture and fixtures with Unique Building Corporation ("Unique"), a corporation owned by Messrs. Kaplan and Cless. Since its commencement date, the lease has been amended to cover expansions of the facility. The lease was amended, effective July 1999, to include space that was added in 1999. The portion of the lease agreement under which the Company leased machinery, equipment, furniture, and fixtures expired in 2003.

The lease is treated as an operating lease and has a term ending on June 30, 2014. Base monthly rental payments were \$173,731 from January 1, 2003 through March 1, 2003. These payments increased to \$185,946 on April 1, 2003, and will extend through June 1, 2004. They will increase to \$194,702 from July 1, 2004 through March 1, 2008; \$199,486 from April 1, 2008 through June 1, 2009; and \$229,409 from July 1, 2009 through June 1, 2014.

The lease agreement includes a modification to the base monthly rental, which goes into effect if the prescribed rent payment is less than the aggregate principal and interest payments required to be made by Unique under certain industrial revenue bonds. The industrial revenue bonds are supported by a Letter of Credit issued by American National Bank. The Company guaranteed \$700,000 of Unique's obligation to such bank under its agreement relating to the Letter of Credit.

PROPOSAL 2

APPROVAL OF THE AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED CLASS A SHARES OF COMMON STOCK TO 150,000,000

The Board of Directors unanimously adopted a resolution proposing an amendment to the Company's Certificate of Incorporation to increase the number of authorized shares of Class A Common Stock to 150,000,000.

GENERAL

Article Fourth of the Company's Certificate of Incorporation currently provides that the total number of shares of capital stock of all classes which the Corporation shall have authority to issue is 88,358,189 shares, divided as follows: (i) 78,358,189 shares of Class A Common Stock, par value \$.01 per share (the "Class A Common Stock"), and (ii) 10,000,000 shares of preferred stock, par value \$.01 per share (the "Preferred Stock"). (On July 1, 2003, all of the Company's remaining Class B Common Stock ("Class B Common Stock") converted to Class A Common Stock and the authorized number of shares of Class A Common Stock automatically increased from 50,000,000 to 78,358,189).

PROPOSED AMENDMENT TO THE CERTIFICATE OF INCORPORATION

The complete text of the proposed amendment to the Certificate of Incorporation providing for the increase in the number of authorized shares of Class A Common Stock is attached as Exhibit A. Please read Exhibit A in its entirety.

PURPOSE AND EFFECT OF THE INCREASE OF THE AUTHORIZED NUMBER OF SHARES OF CLASS A COMMON STOCK TO 150,000,000

The proposed amendment would increase the number of shares of Class A Common Stock the Company is authorized to issue from 78,358,189 to 150,000,000. The additional 71,641,811 shares would be part of the existing class of Class A Common Stock and, if and when issued, would have the same rights and privileges as the shares of Class A Common Stock currently issued and outstanding. The Board of Directors believes it is desirable to increase the number of shares of Class A Common Stock the Company is authorized to issue to provide the Company with adequate flexibility to issue Class A Common Stock for other corporate purposes which may be identified in the future. These purposes include the ability to effect stock splits, to raise equity capital, to make acquisitions through the use of stock, to establish strategic relationships with other companies and to adopt additional employee benefit plans or reserve additional shares for issuance under existing plans. The Company has no present plan, agreement or understanding with respect to the issuance of shares of Class A Common Stock out of the additional shares that are to be authorized pursuant to the proposed amendment.

The Board of Directors believes that the proposed increase in the number of authorized shares of Class A Common Stock will make available sufficient shares for use should the Company decide to use its shares for one or more of such previously mentioned purposes or otherwise. No additional action or authorization by the Company's stockholders would be necessary prior to the issuance of such additional shares, unless required by applicable law or the rules of any stock exchange or national securities association trading system on which the Class A Common Stock is then listed or quoted.

Under the Company's Certificate of Incorporation, the Company's stockholders do not have preemptive rights with respect to the Class A Common Stock. Thus, should the Board of Directors elect to issue additional shares of Class A Common Stock, existing stockholders would not have any preferential rights to purchase such shares. In addition, if the Board of Directors elects to issue additional shares of Class A Common Stock, such issuance could have a dilutive effect on earnings per share, voting power and share holdings of current stockholders.

The proposed amendment to increase the authorized number of shares of Class A Common Stock could, under certain circumstances, have an anti-takeover effect, although this is not the intent of the proposal. For example, in the event of a hostile attempt to take over control of the Company, it may be possible for the Company to try to hinder the attempt by issuing shares of Class A Common Stock, thereby diluting the voting power of the other outstanding shares and increasing the potential cost to acquire control of the Company. The proposed amendment, therefore, may have the effect of discouraging unsolicited takeover attempts. By potentially discouraging initiation

of any such unsolicited takeover attempt, the proposed amendment may limit the opportunity for the Company's stockholders to dispose of their shares at the higher price generally available in takeover attempts or that may be available under a merger proposal. The proposed amendment may have the effect of permitting the Company's current management, including the current Board of Directors, to retain its position, and place it in a better position to resist changes that stockholders may wish to make if they are dissatisfied with the conduct of the Company's business. The Board of Directors, however, is not aware of any attempt to take control of the Company. Moreover, the Board of Directors has not presented this proposal with the intent that it be used as a type of anti-takeover device.

The affirmative vote of the holders of a majority of the shares of Class A Common Stock outstanding on the Record Date and entitled to vote at the Annual Meeting is required to approve the proposed amendment to the Company's Certificate of Incorporation. As a result, abstentions and broker non-votes will have the same effect as negative votes. If the stockholders do not approve the amendment, the Company's Certificate of Incorporation, which currently authorizes the issuance of up to 78,358,189 shares of Class A Common Stock, will continue in effect.

**RELATIONSHIP OF THE PROPOSED AMENDMENT TO THE
COMPANY'S CERTIFICATE OF INCORPORATION
WITH BY-LAWS, ANTI-TAKEOVER EFFECTS,
THE NASDAQ STOCK MARKET RULES AND
THE COMPANY'S RIGHTS AGREEMENT**

Certificate of Incorporation

Authorized Shares Available For Future Issuances. The Certificate of Incorporation contains provisions that could be viewed as having an anti-takeover effect. The Certificate of Incorporation currently authorizes the issuance of 78,358,189 shares of Class A Common Stock and 10,000,000 shares of Preferred Stock. The Company could (within the limits imposed by applicable law and The NASDAQ Stock Market Rules) issue the authorized and available Class A Common Stock and Preferred Stock, without further stockholder approval. The Board of Directors has discretion to establish, without stockholder approval, the terms, rights and preferences of any future issuances of Preferred Stock. Any issuance of additional shares could be used to discourage a change in control of the Company. For example, the Company could privately place shares with purchasers who might side with the Board of Directors in opposing a hostile takeover bid. All of these provisions have been in place since the Company's initial public offering, except that the Company's authorized Class A Common Stock was increased to 50,000,000 shares in June 1997, and to 78,358,189 shares as a consequence of the conversion of Class B Common Stock to Class A Common Stock on July 1, 2003. The Company had, from the time of its initial public offering until July 1, 2003, Class B Common Stock, which gave its holders 10 votes for each share held and the right to cast a majority of the vote of the Common Stock. By its conversion, the Class B Common Stock was eliminated. In addition, shares of Class A Common Stock and Preferred Stock may be issued in the event that Rights issued in connection with the Company's Rights Agreement described below are exercised.

Special Meetings, Consent Action and Other Amendments. Article FIFTH of the Certificate of Incorporation provides that a special meeting of stockholders may be called (i) by the Board of Directors pursuant to a resolution approved by a majority of the Board of Directors, or (ii) by stockholders representing at least 66 2/3 % of the Company's voting power. Under Article FIFTH, stockholder action by written consent also requires a 66 2/3 % supermajority vote. Under Article SIXTH, the By-laws may be amended by the Board of Directors or by a 66 2/3 % supermajority vote of the holders of the Company's outstanding Class A Common Stock. The affirmative vote of the holders of shares representing 66 2/3 % of the voting power of the Company's Class A Common Stock is also required to amend these provisions of the Certificate of Incorporation. Thus, proposals for stockholder action, such as a proposed amendment to the By-laws of the Company or a proposal for the removal of directors or election of new directors, are more likely to be entertained at an annual meeting of the Company's stockholders than at a special meeting. Further, a proxy contest initiated by a potential acquiror is more likely to occur in connection with an annual meeting of stockholders than a special meeting. Further, stockholder action by written consent is more difficult because of the supermajority-voting requirement. All of these provisions have been in place since the Company's initial public offering.

Classified Board of Directors. At the Company's 2002 Annual Meeting, Zebra's stockholders approved an amendment to the Certificate of Incorporation that added a new Article ELEVENTH. This Article classified the Board of Directors into three classes, as nearly equal in number as possible, with one class being elected each year to serve a staggered three-year term. Article ELEVENTH also provides that a director elected by the Board of Directors to fill a vacancy holds office until the next election of the class for which such director has been chosen, and until that director's successor has been elected and qualified, or until earlier death, resignation, retirement or removal. Prior to the expiration of a director's three-year term, the stockholders can remove a director for cause, but not in other circumstances. Unless a director is removed or resigns, three annual elections are needed to replace all of the directors on the Board of Directors. The affirmative vote of the holders of shares representing 66 2/3% of the voting power of the Company's Class A Common Stock is required to amend Article ELEVENTH of the Certificate of Incorporation. The classified Board has the effect of increasing the amount of time required for a takeover bidder to obtain control of the Company without the cooperation of the Board of Directors, even if the takeover bidder were to acquire a majority of the voting power of the Company's outstanding Class A Common Stock. Therefore, the classified Board could discourage certain takeover attempts, perhaps including some takeovers that stockholders may feel would be in their best interests.

By-Laws

The By-Laws may be considered to contain anti-takeover provisions, as they (i) impose advance notice requirements for stockholder nominations to the Board of Directors and stockholder proposals, (ii) allow the Board of Directors to designate the annual meeting date without restriction, and (iii) allow the Board of Directors to dictate the conduct of stockholder meetings. These By-Laws provisions could enable the Company to delay undesirable stockholder actions to give the Company necessary time and information to adequately respond.

The NASDAQ Stock Market Rules

The NASDAQ Stock Market Rules do not contain any limitation on the adoption of proposals with respect to increasing the number of authorized shares of Class A Common Stock.

Stockholders Rights Agreement

On March 13, 2002, the Board of Directors adopted a stockholder rights agreement (the "Rights Agreement") pursuant to which the Company declared a dividend of one Class A Right (a "Class A Right") for each outstanding share of Class A Common Stock and one Class B Right for each outstanding share of Class B Common Stock of the Company (as a consequence of the conversion of Class B Common Stock to Class A Common Stock, the authorized number of shares of Class A Common Stock automatically increased, and the then outstanding Class B Rights were converted to an equal number of Class A Rights). The dividend was payable on March 15, 2002 (the "2002 Record Date") to the stockholders of record on that date. Each Class A Right entitles the registered holder to purchase from the Company after the Distribution Date (as defined below) one ten-thousandth of a share of Series A Junior Participating Preferred Stock, par value \$.01 per share (the "Preferred Shares"), of the Company at a price of \$300.00 per one ten-thousandth of a Class A Preferred Share (the "Purchase Price"), subject to adjustment. The description and terms of the Class A Rights are set forth in the Rights Agreement dated March 14, 2002, between the Company and Mellon Investor Services LLC, as Rights Agent (the "Rights Agent"), a copy of which has been filed with the Securities and Exchange Commission as an exhibit to a registration statement on Form 8-A and current report on Form 8-K.

Until the earlier of (1) the close of business on the tenth day after the first public announcement that a person or group of affiliated or associated persons have acquired beneficial ownership of Class A Common Stock equal to or greater than 15% or more of the then-outstanding Class A Common Stock (an "Acquiring Person"), or (2) the close of business on the tenth day (or such later date as may be determined by action of the Company's Board of Directors prior to such time as any person becomes an Acquiring Person) following the commencement of, or announcement of an intention to make, a tender offer or exchange offer the consummation of which would result in the beneficial ownership of such person or group of Class A Common Stock equal to or greater than 15% of such outstanding Class A Common Stock (the earlier of such dates being called the "Distribution Date"), the Class A Rights will be evidenced by the Class A Common Stock certificates, will be transferable only by the transfer of the Class A Common Stock associated with such Rights and any transfer of the Class A Common Stock (including a transfer to the Company) will constitute a transfer of the Class A Rights. Until the Distribution Date (or earlier redemption or expiration of the Class A Rights), new Class A Common Stock certificates issued after the 2002 Record Date, upon transfer or new issuance of Class A Common Stock, will contain a legend incorporating the Rights Agreement by reference. Notwithstanding the foregoing, none of Gerhard Cless, Edward L. Kaplan or

certain of their relatives or related entities shall be deemed an Acquiring Person. As described below, after a person or group becomes an Acquiring Person, the Class A Rights may not be redeemed or amended.

As soon as practicable following the Distribution Date, separate certificates evidencing the Class A Rights (“Rights Certificates”) will be mailed to holders of record of the Class A Common Stock as of the close of business on the Distribution Date and such separate Rights Certificates alone will evidence the Class A Rights. Each Class A Right is exercisable for one ten-thousandth of a Series A Preferred Share at the then-current Purchase Price at any time after the Distribution Date. The Class A Rights will expire on March 14, 2012 (the “Final Expiration Date”), unless the Final Expiration Date is extended or the Company redeems the Class A Rights earlier, in each case, as described below.

If a person or group of affiliated or associated persons becomes an Acquiring Person, each holder of a Class A Right (other than those described in the next sentence) will thereafter have the right to receive, upon exercise and instead of Preferred Shares, Class A Common Stock (or, in certain circumstances, cash, property or other securities of the Company) having a value equal to two times the Purchase Price of the Right. All Rights that are, or (under certain circumstances specified in the Rights Agreement) were, beneficially owned by any Acquiring Person will be void.

At any time after a person or group becomes an Acquiring Person and prior to the acquisition by such person or group of 50% or more of the outstanding Class A Common Stock, the Board of Directors may exchange the Class A Rights (other than Rights owned by such person or group that have become void), in whole or in part, without any additional payment, for Class A Common Stock, as the case may be, at an exchange ratio of one share of Class A Common Stock (or of a share of a class or series of the Company’s preferred shares having equivalent rights, preferences and privileges), per Right (subject to adjustment).

At any time after the first date of public announcement by the Company or an Acquiring Person that an Acquiring Person has become such, if (i) the Company is the surviving corporation in a merger with any other company or entity, (ii) the Company is acquired in a merger or other business combination transaction, (iii) 50% or more of the Company’s consolidated assets or earning power are sold, or (iv) an Acquiring Person engages in certain “self-dealing” transactions with the Company, each holder of a Right (other than those whose Rights have become void) will thereafter have the right to receive, upon the exercise thereof at the then-current Purchase Price of the Right, that number of shares of common stock of the surviving or acquiring company which at the time of such transaction will have a market value of two times the Purchase Price of such Right.

At any time prior to a person or group becoming an Acquiring Person, the Board of Directors may redeem all, but not less than all, of the Class A Rights at a price of \$.001 per Right (the “Redemption Price”). The redemption of the Class A Rights may be made effective at such time, on such basis and with such conditions as the Board of Directors in its sole discretion may establish. Immediately upon any redemption of the Class A Rights, the right to exercise the Class A Rights will terminate and the only right of the holders of Rights will be to receive the Redemption Price.

A committee of the Board comprised of the independent directors will review the Rights Plan at least every three years, and if a majority of the members of that committee deems it appropriate, the committee may recommend to the Board a modification or termination of Rights Plan.

To cure any ambiguity or to make any other changes, the Company’s Board of Directors may amend any of the provisions of the Class A Rights, which the Board deems necessary or desirable. After a person or group becomes an Acquiring Person, however, any such amendment must not adversely affect the interests of Rights holders (excluding the interests of any Acquiring Person).

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE APPROVAL OF PROPOSAL 2.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of Zebra's Board of Directors is comprised of three directors, all of whom are independent under applicable listing requirements of The NASDAQ Stock Market. The Audit Committee operates under a written charter adopted by the Board of Directors. The members of the Audit Committee are: Michael Smith, Chair, Christopher Knowles and Ross Manire. David Riley, who served on the Audit Committee, retired from the Board in June 2003 and was replaced by Mr. Manire.

The Audit Committee received reports from and met and held discussions with management, the internal auditors and the independent accountants. It reviewed and discussed Zebra's audited financial statements with management. The Committee also discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61. The Audit Committee received the written disclosures and letter from the independent accountants required by Independence Standards Board Standard No. 1, and discussed with the independent accountants the independent accountants' independence.

The Audit Committee recommended that the Board of Directors include the audited financial statements of the Company in Zebra's Annual Report on Form 10-K for the year ended December 31, 2003, as filed with the SEC. This recommendation was based on the Audit Committee's discussion with management, internal auditors and Zebra's independent accountants, as well as the Committee's reliance on management's representation that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

PROPOSAL 3

RATIFICATION OF APPOINTMENT OF AUDITORS

The Audit Committee appointed KPMG LLP, independent certified public accountants, as auditors of the Company's financial statements for the fiscal year ending December 31, 2004. KPMG LLP has acted as the Company's auditors since July 1991.

The Board has determined to give stockholders the opportunity to express their opinions on the matter of auditors for the Company, and, accordingly, is submitting to the stockholders at the Annual Meeting a proposal to ratify the Audit Committee's appointment of KPMG LLP. If this proposal does not receive the affirmative vote of a majority of the votes cast affirmatively or negatively at the Annual Meeting, in person or by proxy, the Board of Directors will interpret this as an instruction to seek other auditors.

The Company expects that representatives of KPMG LLP will be present at the Annual Meeting and be available to respond to questions. These representatives will be given an opportunity to make a statement if they would like to do so.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE APPOINTMENT OF KPMG LLP AS AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2004.

STOCKHOLDER PROPOSAL:

PROPOSAL 4

REQUESTING AN AMENDMENT TO THE CHARTER OF THE NOMINATING COMMITTEE OF THE BOARD OF DIRECTORS TO INCLUDE LANGUAGE ON BOARD DIVERSITY

Calvert Asset Management Company Inc., whose address is 4550 Montgomery Avenue, Bethesda, Maryland 20814, the holder of 300 shares of the Company's Class A Common Stock, has advised Zebra that it plans to present the following resolution at the Annual Meeting. In accordance with applicable proxy regulations, the proposed resolution and supporting statement, for which the Company accepts no responsibility, is set forth below.

BE IT RESOLVED:

That the Board of Directors or its Nominating Committee take reasonable steps to ensure that women and minority candidates are routinely sought as part of every board search the company undertakes. To institutionalize this, we request that the Board of Directors develop Charter language on diversity embodying Calvert's Model Language on Board Diversity.

SUPPORTING STATEMENT:

We believe that diversity is a critical attribute to a well-functioning board and an essential measure of good governance. We believe that in an increasingly complex global market place, the ability to draw on a wide range of viewpoints, backgrounds, skills, experience and expertise internally increases the likelihood of making the right decisions. We believe that board diversity that includes race, gender, culture, thought and geography helps ensure that different perspectives are brought to bear on issues. And we believe that boards that look more like the companies' workforces, customers, and communities can help dispel negative stereotypes and catalyze efforts to recruit, retain, and promote the best people, including women and minorities.

In addition, a growing body of academic research shows that there is a significant positive relationship between the percentage of women or minorities on boards and firm value. This is a view strongly supported by many large institutional fund managers, who consider the diversity of a firm's board before investing. In fact, diversity is a growing focal point for social investors, who now account for one in eight dollars invested. Increasingly, all-white, all-male boards are viewed negatively by many institutional investors including The Teachers Insurance and Annuity Association and College Retirement Equities Fund (TIAA-CREF) and The State of Connecticut Retirement Plans. TIAA-CREF has issued a set of corporate governance guidelines which include a call for "diversity of directors by experience, sex and race." Connecticut State Treasurer Denise L. Nappier, principal fiduciary of the Connecticut Retirement Plans and Trust Fund, has affirmed that "stockholder value and corporate bottom lines are enhanced by an independent and diverse board." In September 2003, the National Association of State Treasurers signaled their agreement on this issue by passing a resolution on corporate governance that incorporated aspects of Calvert's Model Charter language.

We believe that the Board of Directors or its Nominating Committee should be explicitly required to disclose whether and through what process it takes diversity (including race and gender) into account in selecting board nominees.

THE POSITION OF THE BOARD OF DIRECTORS WITH RESPECT TO PROPOSAL 4:

Zebra is committed to racial and gender diversity throughout the Company and has adopted employment policies regarding this commitment. The Nominating Committee will always search for the most qualified candidates, regardless of race, gender or other classification, with the background, experience, knowledge, and skills required to oversee the operations of a corporation as large and as complex as Zebra. The criteria for any search would include the Company's policy not to discriminate on the basis of race, gender or ethnicity and that the Board is supportive of any qualified candidate who would also provide the Board with more diversity. While Zebra supports certain of the principles underlying this stockholder proposal, the Company believes it is important to balance many considerations, including diversity, in the nomination of director candidates and that this proposal would, if adopted, interfere with the Company's pursuit of such balance, to the detriment of Zebra without necessarily providing a benefit to its stockholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "AGAINST" THE APPROVAL OF PROPOSAL 4.

OTHER MATTERS

Solicitation — The cost of this proxy solicitation will be borne by the Company. In addition to the solicitation of proxies by mail, the directors, officers and employees of the Company may also solicit proxies by telephone, facsimile, e-mail or other forms of communication, without special compensation for such activities. The Company will also request banks, brokers, fiduciaries, custodians, nominees and certain other record holders to send proxies, proxy statements and other materials to their principals at the Company's expense. The Company will reimburse such banks, brokers, fiduciaries, custodians, nominees and other record holders for their reasonable out-of-pocket expenses of solicitation. The Company does not anticipate that costs and expenses incurred in connection with this proxy solicitation will exceed those normally expended for a proxy solicitation for an election of directors in the absence of a contest.

Proposals of Stockholders — Under SEC Rule 14a-8, stockholder proposals for the annual meeting of stockholders to be held in 2005 will not be included in the Proxy Statement for that meeting unless the proposal is proper for inclusion in the Proxy Statement and for consideration at the next annual meeting of stockholders, and is received by the Secretary of the Company at the Company's executive offices, which are located at 333 Corporate Woods Parkway, Vernon Hills, Illinois 60061, no later than December 31, 2004, which is 120 days before the anniversary date of the release of this proxy statement to Stockholders. Stockholders must also follow the other procedures prescribed in SEC Rule 14a-8 under the Exchange Act, as well as the Company's By-Laws, which contain requirements that are separate and apart from the SEC requirements of Rule 14a-8. The Company's By-Laws provide that stockholders desiring to bring business before the 2004 Annual Meeting, including nomination of a person for election to the Company's Board of Directors, must provide written notice to the Company's Secretary at the Company's executive offices no earlier than 75 days before, and no later than 45 days before, the one year anniversary of the mailing of this Proxy Statement. The written notice must include the information required by Section 2.4 of the By-Laws.

Other Business — The Board of Directors is not aware of any matters to be presented at the Annual Meeting other than those enumerated in the Company's Notice of Annual Meeting of Stockholders enclosed herewith. If any other matters are properly brought before the meeting, however, it is intended that the persons named in the proxy will vote as directed by the Board of Directors.

Annual Report on Form 10-K — The Company will furnish without charge to any stockholder as of the record date a copy of the Company's Annual Report on Form 10-K for the year ended December 31, 2003, as filed with the SEC. Requests for such materials should be made in writing and directed to Zebra Technologies Corporation, 333 Corporate Woods Parkway, Vernon Hills, Illinois 60061, Attention: Charles R. Whitchurch.
